

### Final Plan Table of Data Needs/Status

Planning Question Addressed	Data Set(s) Used to Address Planning Question	Are FGDC Metadata Available? <i>Yes/No</i>	Name/Source of Data Standard?	Does Available Data Meet a National or Regional Standard?
Where actions are needed to protect T&E fish species?	1998 Anadromous Fish Survey	Yes	Fish of the Western U.S. 1.21/56	Yes
	District Stream Obstruction Survey, 1998	No	Local	No
	Landslide Locations	Yes	State DOT	No
	Road Locations	Yes		
Which recreation sites need maintenance?	Developed Recreation Site Survey	Yes		No
What areas have high erosion risk?	Soil Maps (Order 3)	Yes	Soil Taxonomy, 2 <sup>nd</sup> Edition, 1999 (USDA/NRCS)	Yes
All Questions (Base Map)	Updated Cadastral Survey	Yes	BLM Manual of Instructions ( Survey of the Public Lands of the United States, 1973)	Yes

**\*Executive Order #12906 requires FGDC-compliant metadata for geospatial data used by Federal agencies**

**Notes** (Provided to assist in completing this table. Do not include in final land use plan.)

1. PLANNING QUESTION - The question, or issue with a data requirement. (Pre-Plan Question/Issue from I.M. 2001-038)
2. DATA SETS USED TO ADDRESS PLANNING QUESTION - The specific data needed to address the PLANNING QUESTION.
3. AVAILABILITY OF FGDC METADATA - Does metadata exist that is in compliance with the FGDC Geo-Spatial Metadata Content Standard?
4. NAME/SOURCE OF DATA STANDARD - What is the name/source of the data standard? What kind of standard is it: has it been designated by BLM at the National, State, Regional, Local level? If the data does not meet a national or regional standard be sure to document the standard used. If the data does not meet any standard, indicate that.
5. DATA MEETS NATIONAL OR REGIONAL STANDARD? - If there is a national or regional standard, does the data meet that standard?
